WATCH DOGS LEAGION

STREET ARTIST

CHARACTER REFERENCE GUIDE
Inspired by the street style and graffiti communities in the real-world London, the Street Artists in Watch Dogs: Legion pull from Alternative, Estate Kid looks, Grime Hip Hop, Afro Punk and Geek Core styles, creating an eclectic range of characters for this role. Layered over their "street style" looks, the Street Artists come equipped with a cool breather mask, a backpack to carry their supplies in and gloves to keep their hands clean when delivering their messages to the world.
